of Reports

25X1

REFERENCE: JIOA 2011, memorandum dated 11 August 1950 from  
Director, JIOA, to Director of Central Intelligence,  
subject as above

1. This Agency is in full agreement with JIOA as to the urgent necessity of establishing ways and means for the effective duplication and transmission to Washington of scientific intelligence information now held in Europe under custody of HICOG and the several defense agencies.

2. This problem was considered at a special meeting of the Scientific Intelligence Committee on 1 September 1950, and informal arrangements have been concluded with the Department of State which will provide for duplication and transmission of materials in HICOG and State Department custody.

3. Forwarded herewith, for your information, is a copy of a collection request dispatched by this Agency to the Assistant Chief of Staff, G-2, on 8 September 1950. It states the urgency of the problem, and affirms this Agency's readiness to send a competent biographic specialist to Germany for the purpose of working out arrangements for duplication and transmission of materials in Army custody. G-2 has not as yet replied to the request. When such reply is received, CIA will advise JIOA of the steps being taken.
